## **Gloria Divine returns to the publishing scene with with her fourth book 'PERFECT COMPANY IV: The Priest Tried to Kill Me'**

*A unique look at one woman's spiritual experiences infused with outstanding teachings through heavenly revelations*

SYDNEY – In 2006, Jesus responded positively in a dream that Gloria Divine should write. Having many encounters and experiences with Jesus and the holy Ones in the past, she knew she could put something on paper. However, they did more than that. God helped her to write four books and supported her all the way. This year, she releases the fourth volume titled "PERFECT COMPANY IV: The Priest Tried to Kill Me" ([published by Balboa Press AU](#)).

This book continues the story of how Jesus used the author's life situations to reveal his power and wisdom. It seeks to enlighten others about heavenly things, by sharing her stories, spiritual experiences and encounters, the spiritual attacks and other circumstances of her everyday life. The overall theme is to show how Jesus can work with others to show his greatness and to bless the world. It seeks to expose the subtle influence of evil in people's lives and even in the church, and to allow unbelievers to see that Jesus is very real.

"There are many people who are lost - not sure if there is God, not knowing where to turn for helpful advice about their lives, unsure of why they exist. Many believe that after this life, that is the end. Many do not know that the devil is very real and is out to destroy everything and everyone. It provides solutions on how to deal with the enemy's subtle tactics. If people are wondering about eternity, this book will help. It will guide people spiritually and help them to avoid the many pitfalls to a good spiritual life."

"PERFECT COMPANY IV: The Priest Tried to Kill Me" offers an explanation to people who are being attacked physically, spiritually, psychologically, and mentally with no obvious outward signs. In the author's case, evil spirits were sent to harass her at nights, and various kinds of chemicals, odors were disseminated to cause harm. Depending on the reader's seriousness in reading this book, they would be healed of various illness, spiritual, psychological, physical, and otherwise. They would develop a closer relationship with their creator. They will see that Jesus comes to sinners and change lives, as he did with the author.
